

# ZAMINUR HASAN

Flutter Developer

Phone: 01948836259

Mail: zaminurprof@gmail.com

Am a skilled Mobile Developer who has around 1 year+ of experience with Flutter App development. If looking for a highly skilled and experienced mobile expert with a deep knowledge, a professional attitude, excellent communication skills and the highest code quality, then I'm the person looking for. Over the last 1 year+ I've built many apps of several fields for Flutter apps.

## EXPERIENCE (1 YEAR+ )

### Jr. Flutter Developer

MRZ Group | May 2024 – April 2025

1. **NobleMarriage** (*available on play store*)

This is a **matrimony app** developed as an in-house project by MRZ Group. NobleMarriage is now live in play store and reach 50k+ download with over 15k active user.

Key collaboration:

- **RESTful API** integration
- Figma to Flutter **UI implementation**
- State management by **BLoC**
- **Third-Party libraries** integration
- **Clean Architecture**

### My Own Projects

1. Order Management
2. Author

These two are Firebase based APP. The Features are:

- **Firebase Authentication**
- Firebase **Firestore CRUD** (Create, READ, Update, Delete)
- **Stream** for listening update Snapshot
- Firebase **Push Notification**

## Technical Skill

Experienced with **Git** and **GitHub** for version control. Used **Bloc** and **Provider** for state management in Flutter apps. Managed projects using **Jira** for app testing, bug tracking, and issue resolution. Proficient in the **Dart** programming language. Developed mobile applications using the **Flutter** framework and **Android Studio** IDE. Worked with **Xcode** for iOS app development. Integrated **third-party libraries** for extended functionality. Collaborated with teams using Agile methodologies. **Debugged** and optimized Flutter apps for better performance. Implemented responsive **UI/UX** designs using **Figma** prototypes. Worked with **RESTful APIs** for backend communication. Designed and built **custom Flutter widgets** for reusable UI components. Followed **clean architecture** principles for scalable app development. Used Git branching strategies for efficient collaboration. Performed **widget** and **unit testing** in Flutter apps. Published apps to the **Google Play Store**.

## Education

**BSc in Computer Science and Engineering (Final year)**  
Uttara University, Dhaka

**HSC (5.00)**  
Cambrian College, Dhaka
